*"Remember Me"*  
*by Kilkenny Cards*

At Kilkenny Cards all of our cards are professionally printed using the highest quality lithographic printing process to create a perfect replication of your design. Lithographic printing is superior to digital printing for both image quality and colour reproduction, resulting in a sharper, higher quality product. All of our cards are printed with a gloss laminate finish and envelopes are included in the prices quoted.

### **Photo Quality**

The quality of the photographs you supply will have a huge impact on the quality of your finished cards and there are a few things to consider:

- Please take time to chose the best, clearest images for your cards
- Please supply digital images at the highest quality possible (300 dpi) by email or on usb
- If photos were taken on film cameras we can scan them for you free of charge
- Images downloaded from the internet (Facebook, Instagram, Whatsapp etc) are compressed by the software to make files smaller resulting in low resolution. These images will be of very poor quality when printed.
- Please ensure you have permisson to use any images supplied as we cannot be responsible for copyright infringement
- All photographs supplied will be returned with the finished cards.

**All of our cards are protected by copyright © and cannot be legally copied without our written permission**
